CONSUMPTION CAN BE CURED.
SCHENCK'S PULMONIC SYRUP,
SCHENCK'S SEAWEED TONIC,
SCHENCK'S MANDRAKE PILLS
Are the only medicines that will cure Pulmonary Consumption. Frequently no decline that stops a cough will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact, they clog the action of the very organs that caused the cough. Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder-blade, feelings of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with acidity and belching up of wind. These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in the easier is suddenly checked, will find the stomach and liver deranged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death. Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check a cough suddenly. Schenck's Seaweed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion and creates a ravenous appetite. When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mandrake Pills are required. These medicines are prepared only by J. H. SCHENCK & SON,
N. E. corner Sixth and Arch streets, Phila.
And are for sale by all druggists and dealers.
Dr. Schenck will be at the Quincy House, Boston, on the following Wednesdays : October 7th and 21st, November 4th and 18th, and December 2d, 16th and 30th. oct8

NEWPORT EXOTIC GARDEN.
WHERE can I find it? is sometimes asked by strangers, but never by old visitors.
Now is the time to secure your bedding plants. Never before had such a quantity and never such fine plants as this season, consisting of all the new and rare plants. All we desire, is to come and look and see for yourselves. Roses, Draconias, Centaurias, Geraniums of all sorts, Carnations, Coleous, &c., all of these by the hundred or thousand. Hundreds of other varieties of bedding and foliage plants, all at low rates. Baskets, Stands, Vases, Jardinieres. A fine lot of Ferns, Begonias, Calaliums, Palms, Euphorbias, Camelias and Azalias, Rose Buds by the hundred, and everything pertaining to a first-class Horticultural Establishment. All orders received this season for Bouquets, Baskets, Cut Flowers, and decorations for parties and weddings, received at the garden, as we have vacated our store on Bellevue av., to avoid unfortunate rent, which we save by doing all our business at the greenhouses and which our patrons will have the benefit of. Trees of various sorts to be found in addition to the above. Galvin & Geraghty, Dearborn and Spring streets, Newport, R. I. nov18

WEDNESDAY, DECEMBER 30, 1874.

BUCKWHEAT BRAN FOR COWS.—A correspondent says: Experiments tried with the dairy of the Eastern Pennsylvania Experimental Farm seem to demonstrate that buckwheat bran is more valuable than wheat bran for the production of butter. The cows were fed five pounds of cut fodder, five pounds of cut hay, five and one-half quarts of corn-meal, and five and one-half quarts of wheat bran to each cow; fed in two feeds. From fourteen milkings they gave 1,252 pounds of milk, yielding 117 of cream and 57½ of butter. From similar feed with buckwheat bran (value for value) substituted for the wheat bran, they gave 1,265½ pounds milk, 121 of cream and 59½ of butter. The difference in temperature was against the buckwheat bran. In another experiment the same feed was used, and was well wet with hot water twelve hours before feeding. Fourteen milkings gave 1,318½ pounds milk, 110½ of cream and 60½ of butter. From these experiments we obtain the following data: 8,820 pounds of milk yielded 378½ of cream, which made 173½ pounds of butter, or at the rate of 21½ pounds of milk to one of butter. After weighing the milk of a dairy of 20 common cows, I have found that it required very nearly 25 pounds of milk to make one pound of butter.

WHY HE THRASHED HIS WIFE.—Mr. Runnells was before his honor, Judge Harbaugh, yesterday, for giving his wife a thrashing, and he went on to tell the court how it happened, and to claim that anger came from natural causes and could not have been suppressed if he had been emperor of Germany. Just before retiring, Mrs. Runnels poked up the coal fire and left the poker on the floor. Mr. Runnells was about ready to retire, when he felt thirsty, and went prowling around the dark kitchen in his bare feet. He walked straight to that poker, of course, and when he stepped on it the room resounded with such yells as that neighborhood had never heard before. Mrs. Runnells came running in while Runnells was holding up his burned foot and dancing around on the other, and when she innocently inquired what that noise meant, Mr. Runnells tipped her a cuff. He was very sorry, he said, and his honor charged her never to leave hot pokers around on the floor again, warned him to restrain his temper, and cancelled the case.—[Detroit Free Press.

REMEDY FOR CABBAGE WORMS.—A correspondent states that buckwheat flour, sifted through a sieve in the evening, or in the morning when the dew is on, will effectually eradicate cabbage worms. Two applications (and often one) will do the work. He has succeeded in raising splendid cabbages, while his neighbors who did not use the remedy have invariably failed. It is far preferable to hellebore, or any other article for the purpose, and has the advantage of being harmless.

THE DAY.

The prohibitionists think England ought to stop malt-treating us to the extent of 4000 barrels of ale and beer monthly.

The Indians are surrendering with great rapidity. They haven't much to eat and their ponies have less. They and their families and their stock will subsist on government rations till the grass is grown in the Spring when they will go on the war path. The Indian peace policy works beautifully during the Winter, but it breaks down when the frost leaves.

Custom house returns indicate a great falling off of our imports from England for 1874 as compared with 1873. The reduction in unwrought copper is from 215,515 to 3,-116 pounds; in cotton piece goods about seven million yards; in cutlery about twenty-five per cent; pig iron from ninety nine to thirty nine thousand tons; bar, angle, bolt and rod iron from twenty two to four thousand tons; railroad iron from one hundred and seventy seven to ninety three thousand tons; hoop, sheet and boiler iron from seventeen to seven thousand tons; linen piece goods three and a half million yards; paper from ninety to thirty four thousand pounds; silk ribbons from fifty to twenty three thousand pounds; silk and silk manufactures from seventy six to fifty seven thousand pounds; worsted stuffs a million pounds.

Gen. Benet, chief of ordnance, reports that we have in our forts 321 15-inch, and 1294 10-inch Rodman guns, all smooth bore, and 130 8 and 10-inch Parrott rifles; that smooth bores are antiquated and are useless against modern heavily armored men-of-war. He therefore recommends that a quarter of a million dollars be appropriated to alter 140 of the 10-inch smooth bores into 8-inch rifles by lining them with wrought iron or steel. These rifles, he believes, will be reliable guns capable of piercing seven inches of armor at distances of 500 to 1,000 yards. Gen Benet reminds the authorities that a fort without an efficient armament is actually worse than no fort at all, and that heavy artillery can not be bought at a moment's notice, but must be accumulated in peace as a preparation for war.

The telegraph informs the public that a strong political-religious element in Ohio is calling for the resignation of General Schenck, minister to London, on the ground that he has disgraced his country by writing a book on the art of gambling. National self-respect demanded Gen. Schenck's recall some time ago. Had our government been as sensitive to national disgrace as it should have been his resignation would have been invited at the time of the Emma mine swindle, and that he has since become famous as the author of a book on poker is abundant reason why he should not represent a respectable nation at anybody's court. The London mission is the most important of our diplomatic posts and Schenck most decidedly ought not to have it.

THE LOUISIANA ELECTION.

We fail to discover in our exchanges any enthusiasm over the report of the Louisiana returning board. What the Democratic papers think any one may know without reading them. The report being favorable to the Republicans the Democrats are, of course, indignant. But the Boston Advertiser can not be accused of being a White League organ, or having any undue sympathy for unrepentant rebels, and the Advertiser says throwing out 6051 Democratic votes for state treasurer and 175 Republican votes for the same officer, and so electing the Republican candidate when the Democratic candidate had a majority of nearly five thousand according to the original returns "is a very suspicious circumstance, and it shows how shrewdly the returns to be rejected were selected, if it be assumed that the board was expected to count in the Republicans and to count out the Democrats." The vote of several towns which were unanimously Democratic were entirely thrown out, and, according to the Advertiser, the "rest of the work was done by rejecting parts of counties that returned inconveniently large Democratic majorities."

In regard to the legislature the work of the returning board is even more suspicious. The original returns indicated the election of 38 Republicans and 69 Democrats. That the Democratic majority was dishonestly large is probable and that the returning board would partially equalize things was to be expected, but a board must have very peculiar returns to count, or a very unusual amount of effrontery, to try to figure out a Republican majority of two from returns that indicated an opposition majority of 31. And this is just what this board has done. It is declared that 54 Republicans and 52 Democrats were elected. We are glad to see that the Boston Post counsels submission. Two wrongs can not make one right. But there can be very little doubt that the result of the election has been fraudulently reversed by the returning board. And in anticipation of armed resistance to injustice Gen. Sheridan has been sent to New Orleans, it is said, with sealed orders in his pocket.

PERIODICALS.

The Rhode Island Schoolmaster. The last number of this magazine is a double number and answers for November and December. It contains Vocal Culture and Pronunciation, Selections for Analyzing and Parsing, Fractions, Spelling, Mathematical Wheel, Educational Truths, General Review Topics on United States History, etc. Hereafter the Schoolmaster is to be merged with other New England journals of its class and the New Haven College Courant into the New England Journal of Education.

The Nursery. The beautiful Nursery opens for January with a spirited picture of Peter's Mishap which occurred while he was sliding down hill. Among other illustrations there is a fine picture of a Spitz dog and a very pretty Christmas picture. The pictures illustrating the pumpkin are really artistic and will be appreciated by adults as well as children. The number contains the usual amount of reading matter adapted to instruct and amuse the little folks. John L. Shorey, 36 Bromfield street, Boston, will send it, postage paid, for $1.60 a year.

Wood's Household Magazine. The publication of this magazine has been interrupted by the failure of its late owner and the October number has only just been issued. Its contents are The Pilgrims, or the Adventures of the Gad Club, (illustrated;) Hymn of Sorrow ; The Man of '35 ; A Temperance Story ; Bernardine de St. Pierre ; A Married Man's Story ; Storm Warnings ; In Black and White ; Two Visions ; Children's Department ; Editorial articles,—The Influence of Women, Who are Gentlemen ?, Praise. This magazine is now published by the Household Publishing Company, No. 41 Park row, New York. Terms,—$1. a year.

The Science of Health. The Science of Health for January commences a new volume. This magazine is devoted to a subject of the most vital importance to the public and the race. It contains articles on the Right Treatment of our Bodies; Popular Physiology, with illustrations; Treatment of the Sick; The Corner Stone of Woman's Education; School Poisoning by Bad Air; Infant Precocity; Brave Words for Women; A Physiological Phenomena; Health and High Culture; Birds and Babies; Food Grains, and proper Grinding, with seasonable receipts; The Food Question; Principles of Hygienic Medication; Sale of Poisons, etc. In "Talks with Correspondents," we have information on a variety of subjects, making up a most excellent number. The subscription is $2; single numbers, 20 cents. Address S. R. Wells, publisher, 389 Broadway, New York.

PERSONALS.

.....Kalakaua thinks lager "very nice, indeed."

.....Alexander Agassiz is exploring in South America.

.....Henry A. Peirce, United States minister resident at the Hawaiian Islands, now accompanying the king, is a member of the California pioneers. He journeyed around Cape Horn to Honolulu in 1825, and reached San Francisco in 1828, remaining some time on the Pacific coast. He again visited San Francisco in 1841, a third time in 1849, and still later in 1867. He has spent many years on the Pacific coast and islands, and has owned some of the finest clipper ships which have sailed in those waters.

.....Mr. Charles Hale, formerly editor of the Boston Daily Advertiser, at one time speaker of the Massachusetts house of representatives, and afterwards consul-general of the United States in Egypt, has just been admitted to practice as a lawyer in the Massachusetts courts, his preliminary examination having been conducted by Mr. Peleg W. Chandler and Mr. Charles Allen. The instances of gentlemen, who have distinguished themselves in politics in Massachusetts in their youth, coming to the bar there in middle age, are numerous. Among the number are Senator George S. Boutwell and Gen. N. P. Banks.

THE LEAVES OF SOUR MILK.—On this question a Chester County, Penn., butter-maker, who is noted for A No. 1 butter, writes thus: "My experience is decidedly in favor of sour milk, both in Summer and Winter, and, what may seem a paradox, I am fully satisfied that cream rises sooner and is sweeter, and the butter is much sweeter and fresher. I cannot afford to do without it, and I know I am backed up in this opinion by some of the best butter-makers in the country. I am not at all sure that it makes any more butter. It is the quantity that is improved. I think the main reason is that it enables us to skim sooner; and, other things being equal, the earlier we skim the sweeter and better the butter.

LOCAL AFFAIRS.

—Pay day at the Torpedo Station for the officers.

—Three tramps from Fall River found lodging at the Station House last night.

—The Newport Gas Light Company are moving into their new quarters.

—Commander E. P. Lull, executive officer at the Torpedo Station, has gone to New York.

—Dr. Carpenter makes his weekly visit to this city tomorrow and can be found at the Perry House as usual.

—Some of the members of the Newport Artillery Company are to give a select social at the armory on January 7th.

—Persons who intend to vote in Newport during the year 1875 should remember that tomorrow is the last day on which they can be registered.

—A sturdy beggar named Grant was arrested yesterday afternoon by Officer Dring. He had been soliciting money from many of our store keepers.

—Sergeant Beaumont took John Smith, who was convicted of larceny at the justice court, yesterday, to the Providence county jail this morning.

—In 1850 Capt. George Howland sent six eagles and eight half eagles to his wife in this city. This money he supposed was spent in providing for the family, but in looking over the effects of Mrs. Howland, who died recently, the identical $100 in gold was found hidden in the traditional money safe,—a stocking. Had it been invested twenty four years ago at six per cent. interest, compounded, it would have amounted to $413.-17, gold.

—Rhode Island Lodge, I. O. of O. F., has elected the following officers:

N. G.	Augustin C. Titus.
V. G.	Howard E. Read.
R. Secretary	Thomas Chambers.
P. Secretary	William H. Green.
Treasurer	John H. Crosby, Jr.
Janitor	Charles Gardner.

Trustees Benjamin Bateman, William H. Green and J. Gottlieb Spingler.

HERCULES.

To the Editor of the News:

I noticed in your local column yesterday a paragraph intended to notify the public that it was not the Hercules volunteer company, No. 7, that are to have the ball on New Year's eve, but the members of the Hercules S. F. E. Co. No. 7 of the paid department. Why the writer should wish it to be distinctly understood I cannot imagine. Perhaps he has not seen any of our posters that we have circulated to advertise our ball, or, if he has seen them, that he could not understand what the letters "S. F." mean, or had left his glasses at home, or had taken a glass too much, notwithstanding our prohibitory law now in force, or it strikes me he must be a stranger to Newport, or has been absent from it these last eight months. If so it would be advisable for him to gain admission to one of our engine houses, and there read the city ordinance organizing a paid fire department, which went into force June 1, 1874, or he must have a poor opinion of the comprehensive abilities of the people of Newport, and that they do not read their city ordinances or do not understand after having read them. I must apologize to the gentleman for not having had our posters larger so that they would have borne in full "Hercules Steam Fire Engine Company No. 7." Or perhaps he wishes to imply that we are not capable of manning and guiding our ship through the intricate channels of the programme, but our friends who favor us with their presence on that evening will find that he is mistaken and that if they do not enjoy themselves the blame be not ours.

A MEMBER OF THE DISPUTED RIGHT.

[We fail to discover the relevancy of this communication. The point raised was as to which company, the actual, or the past, is getting up the ball, and as to the right of one of these to use the company's name and number. On these points our correspondent sheds no light.—ED. NEWS.]

CARL SCHURZ'S LECTURE.

The Hon. Carl Schurz delivered in Boston, on Saturday evening last, the same lecture which he is to give in this city tomorrow. The Boston Journal says of it:

"One of the most interesting, instructive and practical lectures given in Boston the present season was that delivered in Tremont Temple Saturday evening by the Hon. Carl Schurz of Missouri, under the auspices of the Mercantile Library Association."

The Advertiser says:

"His subject, "Educational Problems," gave him an opportunity to present something altogether different from the ordinary lyceum lecture, in that it suggested facts and hints of the most practical and important nature. What he said was interesting for everybody to know, especially every parent. He spoke for nearly two hours, and he was listened to with the closest attention throughout."

The Transcript says:

The lecture, which occupied nearly an hour and a half in its delivery, was a plain, practical discourse, full of thoughtful suggestions, and was evidently highly appreciated. The following abstract report we copy from the Gazette:

The speaker said that his audience must expect neither wit nor high-flown language, but a serious discourse, on serious things, in quiet language. He should take up those parts of his subject showing how education should be applied in teaching people how to learn, how to work, how to live and how to enjoy. He compared the education which was deemed sufficient two generations ago with that which scientific progress, and the change it has produced in methods of labor, make at present indispensable to a man who would achieve a respectable position in life."

In the course of the lecture the orator discussed the education of women, prohibitory liquor law, and the need of more parks, public gardens and free concerts. He urged that home should be made more pleasant and the community more cheerful.

STATE MISCELLANY.

The Sprague interest in the Providence Evening Press establishment was sold last week by Mr. Chaffee, trustee of the Spragues, to ex-Gov. James Y. Smith and others.

At the Rhode Island Granite Works, Westerly, quarries, the monumental work has been finished up to give place for work on the Providence city hall contract, which will be commenced about the first of January. The quarrymen are already engaged in getting out the stone. It will require the labor of three hundred cutters a year to do the job, and a number of cutters from abroad will have to be employed. The work on the Connecticut state capital has been transferred to a quarry in Maine. There is now on exhibition a monument for Woodlawn, N. J., nearly completed, of very unique design and fine workmanship. Above the four elaborately polished faces of the base, and extending around it, is the inscription, in German text: "He that believeth on me, though he were dead, yet shall he live; I am the resurrection and the life." At each corner of the base is to be a column, finely polished. This monument will be thirty feet high, and is to cost $6,-000.

The mill at Annaquatucket, North Kingstown, destroyed by fire in October last, has been replaced by a more commodious building, consisting of a basement of stone and an upper story of wood, having a length of 130 feet and 40 feet width. The upper room, which is exceedingly light, airy and neatly finished, was occupied by the Hamilton Sunday-school for their Christmas evening festival. While the children were admiring their presents on the trees, Santa Claus very unexpectedly arrived with a much larger store, which he distributed amid great merriment. On Sunday evening the new mill was dedicated to "good works and future prosperity" by a temperance meeting. After brief introductory remarks, George Bowen, Jr., delivered a stirring address, which was listened to with the utmost attention for an hour and a half. The Columbia glee club enlivened the meeting with songs.

THE DISTINGUISHED DEAD, ONCE CONNECTED WITH NEWPORT.

Gov. William Brenton died in Newport in 1674. From 1635 he was for several years a representative of Boston. An admiral in the British navy, of the same name, was a native of Newport.

The Rev. John Callendar died in 1748, aged 41 years: he was a graduate of Harvard College: was ordained as pastor of the Baptist society in Newport in 1731. He is the historian of Rhode Island.

The Rev. Jonathan Helyer was once a minister in Newport: he died in 1715 at the early age of 27 years: he was ordained the year previous as colleague of Rev. Mr. Clap. He was born in Boston.

The Rev. Andrew Norton, D. D., who died in Newport in 1853 at the age of 67 years, was a resident of Cambridge, where he graduated in 1801.

Asher Robbins, L. L. D., who died in Newport in 1845, aged 85 years, graduated at Yale College. He was a United States Senator for fourteen years. He was a man of deep learning and forcible eloquence. His death was the result of a fall upon the ice some two months previous.

Sarah Osborn, who died at Newport in 1796, at the age of 82 years is represented as having been a lady of distinguished piety.

Gen. Daniel Sheldon, who died in Newport in 1825, aged 71 years, was a patriot of the Revolution, and for many years a major general of the militia.

The Rev. Gardner Thurston was a Baptist preacher: he was born in Newport, and died there in 1802, at the age of 80 years.

Dr. Charles Anthony Vigneron died between 1760 and 1770, at over 100 years of age. He was a German by birth, and an eminent physician in Newport. He is represented as having been learned and popular and practised till near the close of his long life.

Mary Cranston, the widow of Paul Bedle, was born in Newport. She died at St. John, N. B., in 1812, aged 83 years.

Walter Chaloner, who died at St. John's, N. S., in 1796, was at one time sheriff of the county of Newport.

Charles Dudley, who in 1776 left with the British army for Halifax, where he died, was collector of customs at Newport.

John H. J. Brouwere, sculptor and painter, died in Newport, Sept. 5, 1831.

The Hon. Christopher Champlin, a United States Senator, died in Newport in 1840, aged 71. He graduated at Harvard College, was a member of Congress from 1797 to 1801, and a Senator from 1809 to 1811.

Edward B. Littlefield died at Nashville, Tenn., Feb. 18, 1836. He was president of the Planter's Bank, and a native of Newport.

William J. Robinson who died at Newport, March 2, 1838, at the age of 88, was formerly a merchant of New York.

Capt. Samuel Buffum died at Newport, Feb. 26, 1841, at the age of 86. He was an officer on board the armed ship Protector, in the Revolutionary war.

Benjamin Hazard, Esq., died at Newport, March 1841, aged 69. He was an eminent lawyer. For more than 30 years in succession was a member of the Rhode Island legislature, and for several years speaker of the house of representatives.

William M. Allston, who died in Newport, May 29, 1841, aged 62, was brother of the distinguished artist of that name.

Judah Touro, who died in New Orleans in 1854, aged 78, was of the Jewish faith. He was born in Newport, and went to New Orleans in 1802, and was wounded in defence of that place in 1812. He died very rich and bequeathed most of his property to public institutions and charitable purposes.

Gilbert Charles Stuart, who died in 1828, aged 73, was born in Newport. He was a portrait painter by profession, and a pupil of the celebrated artist, West, of London. Mr. Stuart's high character as an artist may be read in his pictures of Washington, Madison, Jefferson and others.

Dr. William Turner, who died at Newport in 1837, aged 62, was a surgeon in the United States army.

The Rev. William Vinal, who died at Newport in 1781, aged 63, was a minister of that place. He was born in Boston, graduated at Harvard College, and was minister from 1746 to 1768.

The Rev. Marmaduke Brown, who died in Newport in 1771, was an Episcopal minister, and at one time rector of Trinity church.

The Rev. Edward Upham, who died in 1797, aged 85, was a Baptist minister at Newport. He graduated at Harvard College in 1731.

Dr. Isaac Senter, who died in 1799, aged 41, was an eminent physician of Newport. He was a surgeon in the Revolutionary war, and after the war he settled in Newport, where he was highly respected.

Abraham Redwood, who died in Newport in 1788, aged 78, was a patron of learning. He gave five hundred pounds sterling to found a library in Newport, and for his liberality he is held in grateful remembrance.

The Rev. Jeremiah Leaming died in New Haven, Conn., in 1804, aged 86. He graduated at Yale College, and for eight years was a minister in Newport.

The Rev. Samuel Hopkins died at Newport in 1803, aged 82. He graduated at Yale College, in 1741. He was settled in the ministry at Newport in 1770.

The Hon. Dutee J. Pearce died at Newport in 1849, aged 60. He was an eminent lawyer, was a member of Congress from 1825 to 1837: he also held the office of attorney general of the state, and United States district attorney.

Benjamin Stanton, who died in Newport in 1760, at a very advanced age, was an eminent physician.

William L. Hunter, who died in Newport in 1849, at the age of 75, was a lawyer of some eminence. He was a Senator in Congress from 1811 to 1821, and in 1842 he was minister to Brazil.

The Rev. Ezra Stiles, D. D., who died in New Haven, Conn., in 1795, aged 67, was settled as a preacher in Newport in 1755.

The Rev. John O. Choules was a Baptist preacher in Newport. He died in New York in 1856, aged 55, and was buried at Newport. He edited "Neal's Puritans."

William Ellery was a lawyer by profession: graduated at Harvard College, and for many years practiced law in Newport. He was a member of Congress and a signer of the declaration of independence. He was also chief justice of Rhode Island: a collector of Newport, an office which he held until 1820, when he died at the age of 92 years.

John Collins was a patriot of the Revolution, and governor of Rhode Island from 1786 to 1789, in which latter year he was a delegate to Congress. He died in Newport in 1795, aged 78 years.

BUSINESS NOTICES.

DYSPEPSIA.

☞Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to this disease and its effects; such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up of the food, coated tongue, disagreeable taste in the mouth, impure blood and all diseases of the Stomach and Liver. Two doses of Green's August Flower will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist Jas. H. Taylor and get a sample bottle for 10 cents and try it. Regular size 75 cents.

FOR 25 CENTS any one may buy a cake of "Constantine's Pine Tar Soap," and that will cleanse out and render healthy many affected skins. Salt Rheum, Pimples, Chapped Hands, Frosted Feet, Burns, Fresh Cuts or Wounds, Diseases of the Scalp and Skin may all be cured by it. Sold by Druggists and Grocers. dec10-eod-n&J2w

☞Tramp, tramp, tramp, the crowds are all marching to the famous ninety nine cent store, in Cottrell's new block, to get those three dollar articles for ninety nine cents. Five thousand beautiful Christmas presents just received, only ninety nine cents each.

Holiday Presents.

We would remind our readers and their friends that they could not do better than in buying very handsome presents in watches, jewelry, solid silver and plated ware and a variety of fancy articles too numerous to mention at Merrick Meyers's No 138 Thames street; 1st because he is retiring from business, and 2d he is selling his goods at auction prices. tf

DR. BICKNELL'S SYRUP
Cures Bowel or Summer Complaints.

Being composed largely of Brandy, Spices and simple astringents, without a particle of Opiate, has proved after a 25 years' trial superior to any other article for Dysentery, Diarrhœa, Cholera-Morbus, Cholera Infantum, Colic, Cramp, Sick or Sour Stomach, Sea-Sickness, Dyspepsia, &c., and may be implicitly relied upon in the most severe cases, yet so simple and pleasant that it may be given the most delicate infant. It acts upon the system like water on a wilted plant. Prepared only by Edward Sutton of Providence, R. I. Sold by all dealers in Medicines. jy3-3m-n&j

A Valuable Medical Treatise.

Hostetter's United States Almanac for 1875 for distribution, gratis, throughout the United States and all civilized countries of the Western Hemisphere, will be published about the first of January, in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian and Spanish languages, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the merchant, the mechanic, the miner, the farmer, the planter, and the professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive National Calendar.

The nature, uses, and extraordinary sanitary effects of Hostetter's Stomach Bitters, the staple tonic and alterative of more than half the Christian world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes, and other instructive and amusing reading matter, original and selected. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and may be had for the asking. The proprietors, Messrs. Hostetter & Smith, Pittsburgh, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood. The Bitters are sold in every city, town and village and are extensively used throughout the entire civilized world.

Protect Your Buildings.

Fire and water proof!—One coat of Glines' Slate Roofing Paint is equal to six of any other; it contains no tar will fill up all holes in shingle, tin, felt or iron roofs. Never cracks nor scales off, stops all leaks and is only 80 cents a gallon ready for use, with a liberal discount to the trade. Send for testimonials. N. Y. Slate Roofing Co. No. 6 Cedar st. N. Y. feb28-n&j

A Man in Ruins.—One of the saddest spectacles in the world is a human being shattered and broken down by the use of ardent spirits. But the damage may be repaired, the ruin restored to perfect soundness, by a course of that most powerful of all invigorants, DR. WALKER'S VINEGAR BITTERS. Beware of those "tonics" of which rum is an element. They aggravate disease and promote decay. d7-4w

January, 1875.

As near January 1st as is practicable, all bills due the undersigned will be presented for payment. He hopes that none of these bills when received are to be neatly filed and docketed and then put in some safe place for future action, but rather that they be treated as many of his customers treat them, as things to be paid at once and then to have done with them forever. If any of these bills reach people who cannot pay them let them come and state the case and have an understanding about the matter, not leave it to grow into sullen sores and festers; let them remember that credit was asked as a favor and should be treated as a favor granted, and that there is no occasion to whine when a fair open statement will be received in a liberal spirit.

Newport Daily News.

WEDNESDAY, DECEMBER 30, 1874.

GENERAL NEWS.

FROM WASHINGTON.

The Grasshopper Sufferers in Kansas and Nebraska.

WASHINGTON, Dec. 29.

Reports from Gen. Pope and Major Dudley of suffering in various parts of Kansas and Nebraska show that some 15,000 people need assistance, owing to the destruction of the crops by grasshoppers.

Surrender of Hostile Savages.

Gen. Pope reports the surrender of 100 more hostile Indians at the Cheyenne and Arrapahoe agency to Lieut. Col. Neill.

FROM NEW YORK.

The Order for a Bill of Particulars Overruled.

NEW YORK, Dec. 29.

The order for the bill of particulars in the Tilton-Beecher matter was overruled by Judges Neilson and Reynolds in the Brooklyn court today. So the trial of the case will have to go on Monday. There is no appeal from this decision in the bill of particulars matter, and the only thing that could possibly prevent the trial going on would be a complete back down on the part of Tilton. Tilton's lawyers have subpœned all their witnesses and there doesn't seem to be any inclination to back down, so far as Tilton is concerned.

The Pacific Mail Investigation.—Irwin's Health Restored.—Fears of the Lobbyists.

A Washington special says Irwin has recovered his health and rides out daily now. The same dispatch states that several lobbyists of 1872 have prepared written statements and only fear cross-examination by the ways and means committee.

U. S. Bonds in Germany.

It is stated that owing to Germany placing $15,000,000 of our 5 per cent. bonds, which that government bought with the money of the French indemnity, upon the London market recently, the syndicate will not further attempt to dispose of the remaining $129,000,000 of bonds of the 5 per cent loan. The contract with the Rothschilds to place these bonds expires on the 30th of January next.

A National Loan Authorized in the Sandwich Islands.

A Washington special says: Advices received here state that the Hawaiian government has appointed commissioners to negotiate a loan of $1,000,000 in bonds, to run thirty years, with 7 per cent. interest. The object is to pay off the national debt, and $300,000 of the balance will be loaned to sugar planters on the islands, who are greatly distressed financially through losses during the past three years.

MISCELLANEOUS.

Gen. Sheridan's Mission South.

CHICAGO, Dec. 29.

Gen. Sheridan, accompanied by Gen. Rucker, Major George A. Forsythe and McCreden of his staff, left last night for New Orleans. There is high official authority for saying that Gen. Sheridan does not go to New Orleans in obedience to any direct orders, but in compliance with the personal request of the President, who desires to have some one at that point in whom he his implicit confidence, to furnish him with truthful information, and of such a rank, that in case of emergency he can act without special orders from Washington. Gen. Sheridan was intending to go to Cuba in a few weeks, and this trip south is only anticipating the time, for, after a short stay in New Orleans, he will sail for Cuba. His immediate work in Louisiana is to conserve the peace, and he will not remove any officer, or take any part in military affairs there, unless absolutely necessary to accomplish that object.

A Threatened Miners' Strike.

LONDON, Dec. 29.

The proposed reduction in wages of miners in collieries in New South Wales and Monmouthshire goes into effect January 1st, the employers having declined to submit. A strike is anticipated. Over 8,000 men are employed in the mines.

The Wheat Crop of Great Britain.

This week's Mark Lane Express says the wheat crop of Great Britain is above the average, and we shall enter the year 1875 propitiously. We have had a splendid seedtime. The continental markets are quiet, with no change in prices.

Louisiana Affairs. Coroner's Verdict Against Warmoth.

NEW ORLEANS, Dec. 29.

E. L. Jewell was arrested today charged with being about to fight a duel and commit a breach of the peace. He was released on $5,000 bail. This will not prevent the meeting in Alabama if Warmoth is released.

The coroner's jury in the case of D. C. Byerly found, after a post-mortem examination by the city physician, that Byerly came to his death from the effect of wounds inflicted upon him with a sharp instrument, to wit, a spring knife, in the hands of H. C. Warmoth, now in the Parish prison. The coroner will make an affidavit tomorrow charging Warmoth with murder.

Gen. Emory on the Press Banditti.

Touching the reported assignment of Gen. Sheridan to the command of the Department of the Gulf, Gen. Emory said to a Times reporter:

"I have received no official intelligence concerning the reports alluded to, nor of any measures looking to my removal. The banditti in Washington who are writing for newspapers are merely trying to create an opinion against me: all other efforts having failed."

Liberality of an Indiana Millionaire.

TERRE HAUTE, Dec. 29.

Chauncey Rose, of this city, made a donation today to institutions located here of $356,000, divided as follows: To the Terre Haute school of industrial science, $206,000, and to the Vigo county orphan's home, $150,00. He has before given large sums in benevolence and charity, including $100,000 to the Ladies Aid Society of this city; $50,000 to Wabash College, and large sums to charities in New York. He has also promised $100,000 to the Indiana state normal school, located here.

Statistics of the Enforcement of the Maine Liquor Law.

AUGUSTA, Dec. 29.

The several county attorneys in the state have furnished to the adjutant-general valuable and interesting figures relative to the enforcement of the prohibitory law in this state. The sum of $50,000 in fines was imposed and collected for the violation of the prohibitory law during the year. There have been 276 convictions in the supreme court, of rumsellers, and 41 commitments to jail,— a larger number than in any similar period previous. This is partially due to the sheriff enforcement act, set in operation two years ago. Crime has decreased, the number of convicts in state prison being 25 per cent. less than ten years since.

The number of sentences to the state prison and jails, exclusive of commitments for liquor selling, the past year or two, is nearly thirty per cent smaller than in 1866, so that it may be said, with the figures before us as a solid basis, that the laws against many other similar crimes, and whatever sales of liquor there may be in seven-eights of the state, they are carried on very secretly and sparingly.

The Civil Rights Bill.

CLEVELAND, Ohio, Dec. 29.

The colored citizens of Oberlin, Ohio, held a meeting this evening and adopted a resolution protesting against the passage of the civil rights bill as reported by the judiciary committee of the House of Representatives and against all legislation admitting unjust discrimination toward any class of citizens; praying Congress to pass the Senate supplementary civil rights bill, which passed the Senate the last session, or one equally comprehensive. A committee was appointed to send a copy of the proceedings to their representative in Congress.

The Congressional Investigation in Alabama.

MONTGOMERY, ALA., Dec. 29.

A special to the Advertiser says that the Congressional committee reached Opelika on Monday, and has been in session since then at that place. The first day's examination was entirely Republican, as to the alleged violations of the enforcement act. Among other things, the Wacoochee valley affair, mentioned in the Hays-Hawley letter, was up. The negro whose incendiary talk caused a disturbance was before the committee. Today several Democrats were examined. The committee will not reach here until Monday next.

PORTSMOUTH.

Notice was given at the Christian church, Sunday, the 27th instant, that on Sunday the 3d *proximo* a collection would be taken to be contributed to the relief of sufferers by the grasshopper plague in Minnesota. A circular from a committee of citizens in Worthington, Noble county, Minnesota was read, setting forth the needs and sufferings of the people in that part of the state. From the circular it appears that Mr. Isaac P. Durfee, a native of this town, is chairman of the committee for the distribution of contributions.

The pews in the Christian church were rented for the ensuing year today.

The following officers were elected Dec. 26th 1874, for the ensuing term:

N. G.—Joseph Edincott.
V. G.—Joseph P. Barker.
R. Secretary.—R. W. Anthony.
Treasurer.—John Croucher.
P. Secretary.—Josiah C. Gifford.
Trustees.—Charles C. Slocum, Benjamin Wyatt and Joseph Anthony.

Installation Saturday evening January 9th, 1875.

AN ALTAR-ATION.

When Mike was courting Kitty Mill,
He begged—as lovers often will—
In accents softly spoken,
That she one lock of golden hair
From her fair head to him would spare
By way of a love token,
Now Mike and Kit are man and wife—
Their courting is turned to married strife,
And a sad difference makes it;
Though still attracted by her hair,
He ne'er now begs a lock she'll spare,
But out in handfuls takes it!

SHELTERED MANURE.—Much has been written, says a writer on this subject, of the comparative value of manure from under the barn and that from the open yard. Many farmers will tell us that they can see to furrow where the manure from under a shed was put, and that one load of it is worth two of the open yard. I do not deny it, but must claim that this difference is not all due to shelter. The manure from the stables is always thrown under the barn, and is better than that formed in the open yard, not only because more grain is fed in the stables, but also because it contains less straw and no corn stalks.

In many cases the manure in the open yard is washed by rain-water from the roof, which is allowed to run off and take with it the strength of the manure. If other things are equal, and no more water gets into the yard than falls there, and none of this is permitted to run out, I do not imagine there will be much difference in the form of the barn manure. If we fed all our straw and corn-stalks, we could do without an open yard, but so long as we depend on our stock to incorporate them with the manure, we must have more or less open yards.

Several of our correspondents complain of loss to their horse manure by heating and "fire fanging;" this is because they keep it by itself. If mixed with the manure from the cows or the cattle stalls, this trouble will be avoided. Manure from the horse stables and sheep pen should be mixed with the less active manure from the other stables, and the whole placed where it will be well trodden down. I find it a good plan to place the horse manure around the water-trough.

TEN RULES FOR FARMERS.—1. Take good papers and read them.

2. Keep an account of farm operations.

3. Do not leave implements scattered over the farm, exposed to snow, rain, and heat.

4. Repair tools and buildings at a proper time, and do not suffer a subsequent three-fold expenditure of time and money.

5. Use money judiciously, and do not attend auction sales to purchase all kinds of trumpery because it is cheap.

6. See that fences are well repaired, and cattle not grazing in the meadows, grain fields or orchards.

7. Do not refuse correct experiments, in a small way, of many new things.

8. Plant fruit trees well, care for them, and get good crops.

9. Practice economy by giving stock shelter during the Winter, also good food, taking out all that is unsound, half rotten or mouldy.

10. Do not keep tribes of dogs and cats around the premises, who eat more in a month than they are worth all their lifetime.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS,

For Inventions, Trade Marks or Designs,
No. 76 State St., opp. Kilby St., Boston.

AFTER AN EXTENSIVE PRACTICE of upwards of thirty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with despatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

"MR. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakeable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." CERTIFICATE OF MR. JOHN CASWELL,

NEWPORT, R. I., Dec. 12, 1874.

TO THE EDITOR OF NEWS:—I wish to recommend Dr. Carpenter's treatment to such of the community as have Scrofula. I inherited it, and it has always run in my blood, and last Fall it became terrible, injuring my health, and attacking my head and face particularly and so disfigured me that a neighbor that met me did not know me until I spoke to him. I applied to Dr. Carpenter, at the Perry House, and his medicines have met with gratifying success. My health is now good, have very little trouble with the humor, face looks natural, and I hope with a little more treatment, to eradicate the poisonous humor from my system entirely. I reside in Middletown.
JOHN CASWELL.

Catarrh and Polypus.

Home Testimony.

NEWPORT, R. I., Nov. 6th, 1874.

This is to proclaim what Dr. Carpenter has done for me. I suffered from Catarrh 10 years, and the last 10 years my nasal passages were filled with Polypus. I employed physicians from time to time, and two years ago, went to Boston, and was doctored there three months, and left off worse than I began, and I was almost discouraged. But I felt that I must do something, for I was obliged to keep my mouth open and my health was becoming impaired. So I went to Fall River last Spring, and placed myself under the care of Dr. Carpenter. His treatment proved highly satisfactory. He removed and cured the Polypus, I can breathe naturally, the Catarrh troubles me very little and altogether I am comfortable and as well as a man 60 years of age, can expect to be, and I hope this testimony may be the means of securing relief to other sufferers. I reside in Middletown.
ASA PECKHAM.

Permanent Cures of Scrofulous Catarrh.

Testimony of a Citizen of Newport.

My son and daughter were sufferers from Scrofulous Catarrh from birth, and with discharges, swellings upon their necks, and an utter inability to breathe through the nose, they were uncomfortable enough, when we placed them under the care of Dr. Carpenter in 1865. His remedies cured them in a few months and they remain well to this day. I publish this with the hope it may be the means of securing relief to others. S. B. BREWSTER,

PERRY HOUSE,

A CARD FROM

Mr. John Beattie Jr.

(*From Fall River News.*)

FALL RIVER, Jan. 22, 1874.

W. H. CARPENTER, M. D., My Dear Sir:—Allow me thus publicly to express my gratitude for the great benefit conferred upon me by your treatment. I was afflicted for years with Catarrh which had become a constant torment to me, the irritation and inflammation having increased until ulceration was the consequence. Your treatment has been attended with the happiest results. I am now comfortable, my head feels well, and I believe myself cured of that terrible disease. JOHN BEATTIE, JR.

Mr. Beattie is of the well-known Firm of Wm. & J. Beattie, Jr., Granite Dealers and Contractors, 2 Quarry street.

DEAFNESS CURED.

STATEMENT OF A RESIDENT OF FALL RIVER.

This certifies that Dr Carpenter, at the Mount Hope House, has cured me of Deafness and Discharges of the Ear of many years' standing. When I applied to Dr. C., I could not hear unless addressed close to my ear, and was totally unfit for business. A course of Dr. C.'s treatment has cured the discharges, and restored my hearing so that I can hear the tick of a watch a foot from my ear, and ordinary conversation without difficulty. My friends are more than pleased, for they did not think I could be cured, as I had been treated by several doctors and received no benefit.—As my acquaintance in Fall River is not large I will refer to Mr. Geo. E. Buffinton, No. 57 Pleasant street, who is well known and conversant with all the facts of my case. GEO. G. C. HANLON,
45 Second Street.

Fall River, Oct. 1.

A CARD FROM WALTER SCOTT, Esq.,

EDITOR OF BORDER CITY HERALD, OF FALL RIVER.

I have known Dr. Carpenter since he commenced practice in this city, and I am satisfied that he is a skillful physician and has been successful in the treatment of a great majority of the cases in which he has been consulted. Of my own personal knowledge, I have reason to testify that quite a number of the individuals cured were nearly hopeless in their condition; some about blind, others deaf, and others laboring under Bronchial and Catarrhal affections, and I have seen the same persons restored under his treatment to their normal state of health. I therefore, knowing these things, without hesitation recommend him to persons suffering from the maladies he has made his special study for years. WALTER SCOTT.

VOICE RESTORED.

TESTIMONY OF MISS GARDNER,

(*From Fall River News.*)

DR. CARPENTER:—Dear Sir,—My thanks and gratitude are yours. When we consulted you last April, I was miserable indeed; I had lost both my health and my voice, and for two and a half years I could only whisper faintly. I had been doctored so much that we had little faith in the ability of any physician to restore me, but your treatment has performed a cure. I can talk aloud, and my health is good, better than for years. You may publish this if you wish; and as I do not reside in Fall River, I will refer to Mr. Wm. H. Mason, No. 44 North Main street, and Mr. and Mrs. Mason Bounds, No. 61 Durfee street, with whom I resided during treatment. Respectfully yours,
MISS HATTIE GARDNER.

Swansea, Mass., Sept. 16, 1874.

Scrofula and St. Vitus Dance Cured.

(*From Fall River Herald.*)

When we took our daughter Ellen to Dr. Carpenter last May, at the Mount Hope House, she was in a terrible condition from Scrofula and St. Vitus Dance, and was not willing to go among folks, for her limbs jerked and twitched so she had not much control over them, but through Dr. Carpenter's skill she has been restored and is now well. We want this cure known, for some of our acquaintances have taken their children to Europe for treatment, thinking they could not be cured in this country. This case is well known by our neighbors. GEORGE HEAP,
White Block, Border City Mills.

Fall River, Sept. 10, 1874.

Mr. A. D. White's Card.

(*From Fall River News.*)

FALL RIVER, May 23, 1874.

To my Friends and the Public:

It affords me great satisfaction to be able to testify to the success of Dr. Carpenter in the treatment of my Ears, which were a source of trouble and annoyance to me more than twenty years. Dr. C.'s treatment restored them, and they have been well several months. I have great confidence in Dr. Carpenter's skill and success in practice, and do not hesitate to recommend him. A. D. WHITE,

Troy Building, Pleasant St.

Catarrh and Blindness.

(*From Fall River News.*)

Testimony of Mrs. J. Clomb, of Fall River.

I was diseased with an aggravated form of Catarrh ten years, and in consequence my eyes became affected. In December last, and grew worse until I could not go about without being led. Was under the care of several doctors and at the Boston Infirmary, but got no help until I consulted Dr. Carpenter at the Mount Hope House, April 2d. Under his treatment I began to improve immediately, and now I consider myself cured. I think everyone should know there is a physician in Fall River who can cure such diseases. As I am not very well known in this city, I am at liberty to refer to W. Scott, Esq., No. 1 Ferry street, who saw me when I was in a state of Blindness and since I was cured. MRS. JEREMIAH CLOMB.

HAVE YOU TRIED

JURUBEBA?

ARE YOU

Weak, Nervous, or Debilitated?

Are you so Languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful **tonic and invigorator,** which acts so beneficially on the secretive organs as to impart vigor to all the vital forces.

It is no alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

It regulates the Bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.

Its operation is not violent, but is characterized by great gentleness, the patient experiences no sudden change, no marked results, but gradually his troubles

"Fold their tents, like the Arabs,
And silently steal away."

This is no new and untried discovery, but has been long used with wonderful remedial results, and is pronounced by the highest medical authorities, the most powerful tonic and alterative known.

Ask your druggist for it.

Miscellaneous.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or at the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

They are a gentle Purgative as well as a Tonic, possessing the merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs, and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.
